ECSL · ONTARIO SOCCER · U10 GIRLS

LaSalle Stompers 2017 Girls Black Game Calls Playbook

Nine calls Coach yells from the sideline. Each one matches a picture in your head and drills we do at practice. Hear the call, see the picture, do your job.

How it works

1. **Learn the picture.** Every call has one big picture showing where everyone goes.
2. **Do the drills.** At practice, Coach uses the same call during the drill so it sticks.
3. **Hear it in a game? Act fast.** No thinking. Call, picture, go.
4. **Repeat it.** When Coach yells a call, say it out loud to your teammates too.

TEAM SHAPE

ANY TIME

SHAPE UP!

Get back in your diamond spot. Make triangles. "BIG" with the ball, "GET SMALL" without it.

WIN THE BALL

THEY HAVE THE BALL

STOMP!

Closest girl presses the ball. Next girl covers. Everyone squeezes in.

THEIR KEEPER HAS IT

SET THE TRAP!

Line up at the retreat line. When she passes: striker presses, wings block, CM jams the middle.

ADVANCE THE BALL

WE WIN IT · OUR GK HAS IT

WINGS OUT!

Backs fly to the sidelines. Mids show for the ball. Pass it forward and go!

THEY'RE PRESSING US HIGH

OVER THE TOP!

Wings are covered? GK throws or kicks it high and far, into the space behind them. Strikers and wings sprint!

CORNERS

OUR CORNER KICK

CRASH THE BOX!

Kicker's hand up = get ready. Hand DOWN = GO! Runners attack near post, far post and the rebound spot.

THEIR CORNER KICK

LOCK THE BOX!

Post, mark, gate, outlet. Clear it high, far and wide, then everybody steps OUT.

FREE KICKS

OUR INDIRECT FREE KICK

TAP & BLAST!

One girl taps it a little, the next girl shoots right away.

THEIR INDIRECT FREE KICK

WALL UP!

Keeper calls the number. Wall blocks the near post. Charge on the first touch.

EXTRAS

FOR PLAYERS AND PARENTS

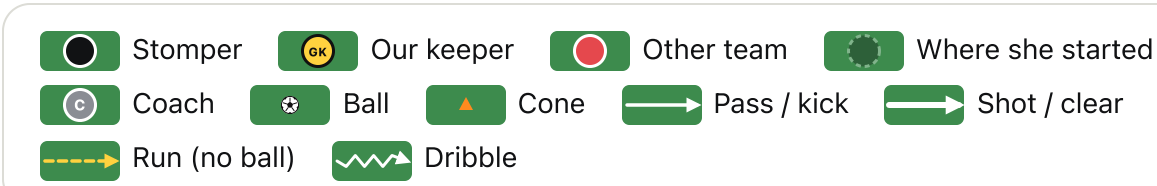

SIDELINE WORDS

Shape! Get Small! Time! Take Space! Press! Mark Up! What each one means.

10 TO 15 MINUTES A DAY

AT HOME

Five ways to get better in the driveway, backyard or basement.

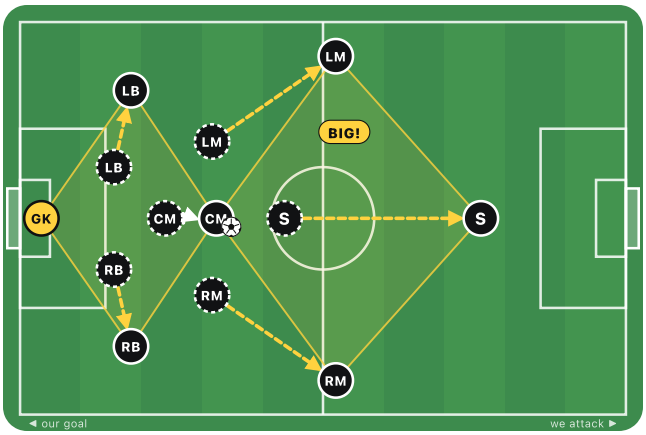

Team shape

Where we stand, all game long.

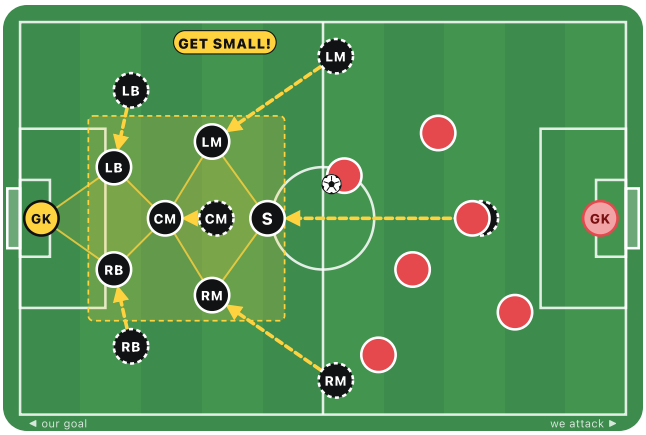

POSITIONING · ANY TIME

SHAPE UP!

Find your spot in our diamond. Make triangles. Then Coach may add **BIG!** or **GET SMALL!**

"BIG!" We have the ball: stretch the diamonds wide to the lines and deep up the field.

"GET SMALL!" They have the ball: shrink the diamonds, between the ball and our goal.

Our spots GK · 2 backs (LB, RB) · CM in the middle · LM and RM wide · 1 striker (S).

Two diamonds GK, the two backs and CM make the back diamond. CM, LM, RM and S make the front diamond. CM is in both, so she helps the backs and the attack.

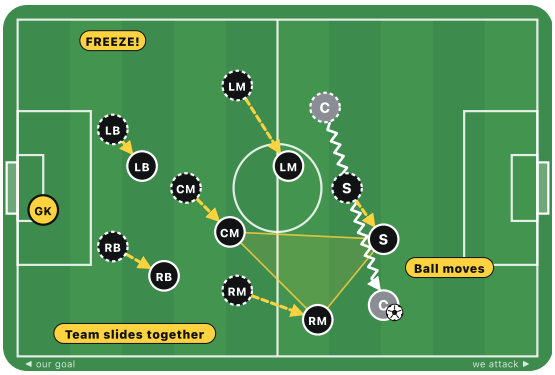

Triangles Look around. Can you see two teammates making a triangle with you? That means you always have a pass.

Don't bunch If two Stompers are close enough to high-five, one of you is in the wrong spot.

Rubber band We're all tied together. When the ball moves, the whole team slides together.

Every spot Everyone learns every spot. You might be a back one game and the striker the next. Knowing how a defender thinks makes you a better striker.

Short version: Coach may just yell **"SHAPE!"** It means the same thing: get back to your spot and spread out.

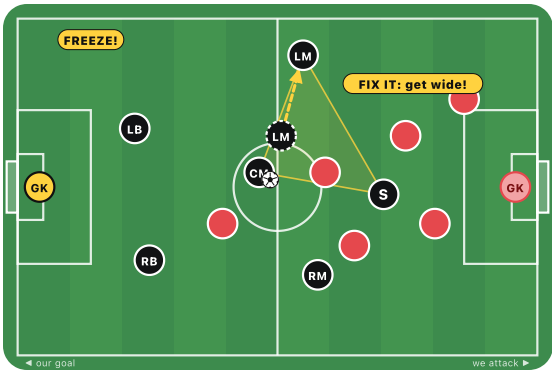

DRILL 1

Shadow Shape (Rubber Band)

Half or full field · whole team · 8 min · no opponents

1. Everyone stands in their diamond spot.
2. Coach (C) carries the ball and walks, then jogs, to a new spot on the field.
3. The whole team slides together toward the ball side. Nobody stays behind.
4. Coach yells **"BIG!"** and everyone spreads wide and long. Coach yells **"GET SMALL!"** and everyone squeezes in, between the ball and our goal.
5. Coach yells **"FREEZE!"** Check: can you see the ball? Are you in a triangle?

Remember: watch the ball, then look at your neighbours.
Harder: two coaches pass the ball around fast, so the team has to keep sliding.

DRILL 2

Freeze-Frame Scrimmage

Small-sided or 7v7 scrimmage · 12 min

1. Play a normal scrimmage.
2. Coach blows the whistle and yells **"FREEZE!"** Everyone becomes a statue.
3. Coach picks a girl: "Are you in your spot?" If not, she walks to the right spot.
4. The girl with the ball points to her two triangle teammates.
5. Coach yells **"SHAPE UP!"** Everyone fixes their spot, then play starts again.
6. 3 perfect freezes = a Stompers point.

Remember: wide players should be close to the sideline when we have the ball.
Harder: Coach only gives 3 seconds to fix it.

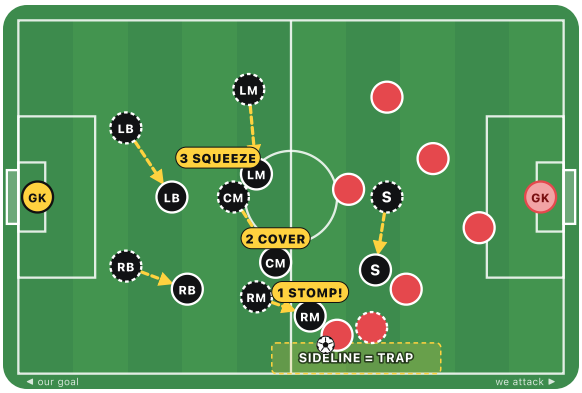

Win the ball

They have it. Here's how we get it back.

PRESSING · WHEN THE OTHER TEAM HAS THE BALL

STOMP!

Go get the ball back, together. One girl presses, one covers, the rest squeeze in.

They have the ball near our right sideline. The faded circles show where we started.

The picture in your head

1 · STOMP The *closest* girl sprints at the ball. Two big steps away, slow down, bend your knees, stand sideways.

Make her go to the line Block the middle so she has to go to the sideline. The sideline is our extra defender.

2 · COVER The next closest girl stands behind and to the side of the presser, about 4 big steps away. If she gets past #1, you're there.

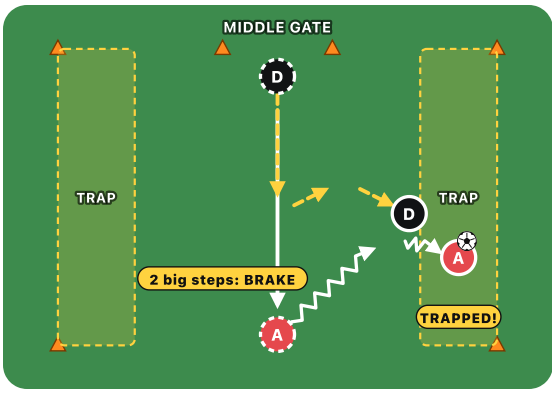

3 · SQUEEZE Everyone else moves toward the ball and steps up so the field gets small.

Lost it? Sprint back The second we lose the ball, sprint back. No walking. Win every 50/50 ball!

Same call, short word: Coach may yell **"PRESS!"** It means STOMP!

Presser shouts: "I've got ball!" **Cover shouts:** "I'm behind you!"

Remember the retreat line: their keeper has the ball, or it's their goal kick? No STOMP yet. Coach yells **"SET THE TRAP!"** Run back to the retreat line and wait. When one of their players touches the keeper's pass, the ball is in play. Then spring the trap!

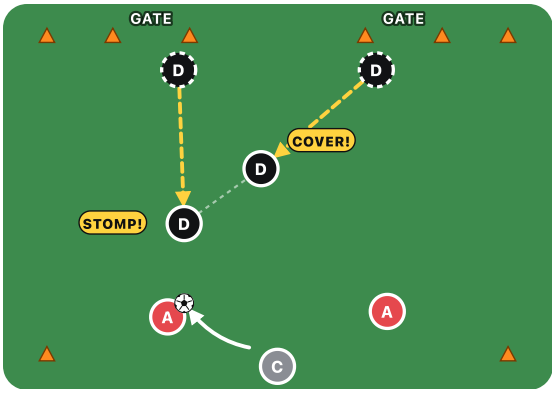

DRILL 1

1v1 Stomp to the Line

Grid about 20 × 15 big steps · pairs · 8–10 min

1. Defender (D) starts on the top line with the ball. Attacker (A) waits on the bottom line.
2. D passes to A, then yells **"STOMP!"** and sprints at her.
3. Two big steps away: brakes on. Small steps, knees bent, sideways stance.
4. D blocks the middle gate and pushes A toward a side Trap Zone.
5. A scores by dribbling through the middle gate. D scores by winning the ball or trapping A in a side zone.
6. Swap roles and go to the back of the line.

Remember: sprint, brake, sit. Don't dive in. Watch the ball, not her fancy feet.
Harder: D starts further back, or A gets 2 tries.

DRILL 2

2v2 Press & Cover

Grid about 25 × 20 big steps · 2v2 · 10 min

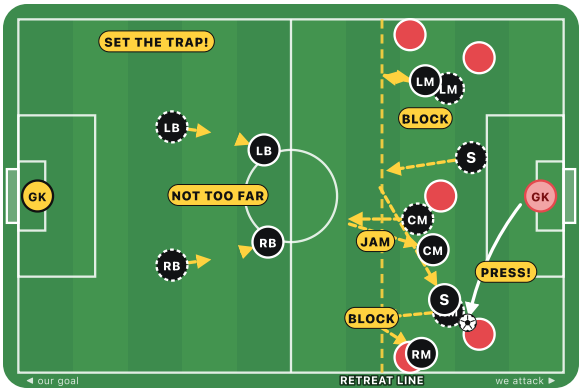

1. Two defenders on the top line, two attackers on the bottom line. Two small gates on the top line.
2. Coach passes to either attacker.
3. The closest defender yells **"STOMP!"** and presses.
4. The other defender yells **"COVER!"** and moves behind and to the side of her, not flat next to her.
5. If the attackers pass, switch jobs fast: the new closest girl presses, the other covers.
6. Attackers score by dribbling through a gate. Defenders score by winning it and dribbling over the bottom line.

Remember: cover makes a diagonal line, not a flat line. Talk the whole time.
Harder: make it 3v2. The defenders have to press and cover even faster.

THEIR KEEPER HAS THE BALL · GOAL KICK OR IN HER HANDS

SET THE TRAP!

Line up at the retreat line and wait. The second she passes it out, spring the trap: press the ball, block the wings, jam the middle.

We attack to the right. Their keeper has the ball, so we must stay on our side of the retreat line until her pass is touched.

The picture in your head

Line up Everyone runs back to the retreat line. Don't cross it until their player touches the keeper's pass.

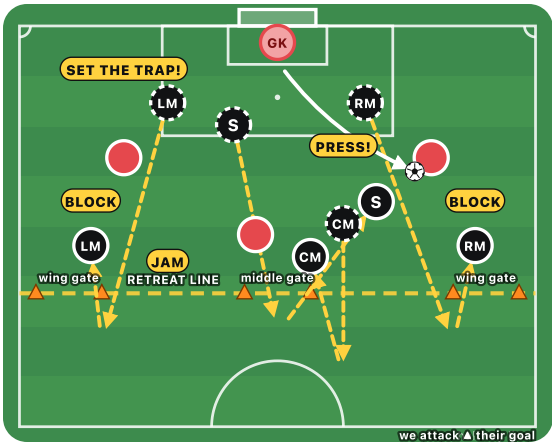

S · Press The second the ball is played, the striker sprints at the girl who gets it. Come from the inside so she has to go to the sideline.

LM & RM · Block Stand between the ball and their wide players. No easy pass down the wing.

CM · Jam Step into the middle so they can't pass inside. Middle closed!

LB & RB · Up, not too far Push up toward halfway, but stay behind it. If she kicks it long over the trap, you win it.

When we win it: yell **"WINGS OUT!"** and go. We're already close to their goal!

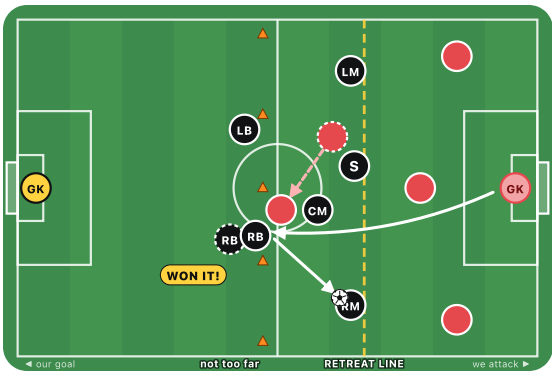

DRILL 1

Line Up & Pounce

Their third of the field · 4 Stompers vs GK + 3 · retreat line cones · 10 min

1. Cones on the retreat line with three gates: left wing, middle, right wing. Stompers start near their goal.
2. Coach rolls the ball to their keeper and yells **"SET THE TRAP!"** Stompers sprint back to the retreat line.
3. Their keeper passes to a red back. The ball is in play: GO!
4. S presses the ball from the inside. LM and RM block the wing gates. CM jams the middle gate.
5. Reds score by dribbling through a gate. We score by winning it and shooting: goal = 2 points.
6. Rotate jobs every 3 tries.

Remember: no one crosses the line early. Wait for the touch, then pounce.
Harder: add a fourth red player in the middle.

DRILL 2

Over the Trap

Full field scrimmage · 7v7 · cones just before halfway · 12 min

1. Play a scrimmage. Every time their keeper gets the ball, Coach yells **"SET THE TRAP!"**
2. Front four line up at the retreat line. LB and RB push up to the "not too far" cones, just before halfway.
3. The short passes are blocked, so their keeper kicks it long over the trap.
4. Our backs are close but not too far, so they win the long ball.
5. Whoever wins it yells **"WINGS OUT!"** and we attack fast.
6. Win the ball in their half = a Stompers point.

Remember: backs, if you go too far, the long ball goes over your head. Stay behind the cones.
Harder: the keeper can choose short or long, so everyone has to read it.

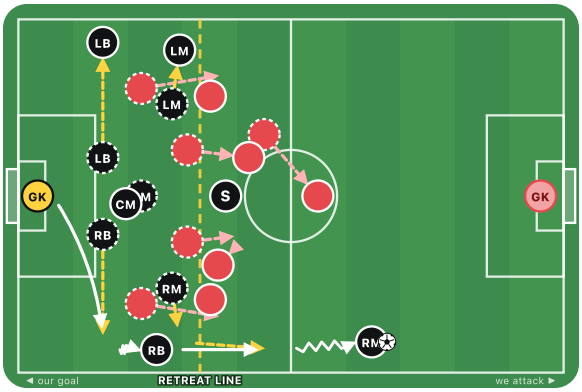

Advance the ball

We have it. Here's how we move it up the field.

MOVING THE BALL FORWARD · WE JUST WON IT, OR OUR KEEPER HAS IT

WINGS OUT!

We've got it! Spread out like wings so the girl with the ball has lots of passes. Then move it forward. It's like **BIG!**, but fast.

Our keeper has the ball. The other team has to go back behind the retreat line until the ball is in play.

The picture in your head

Wings LB and RB: run to the sideline, as wide as you can go. LM and RM: wide and up the field.

Show CM: come toward the ball in the middle so it can come to you. Striker: stay high and stretch them.

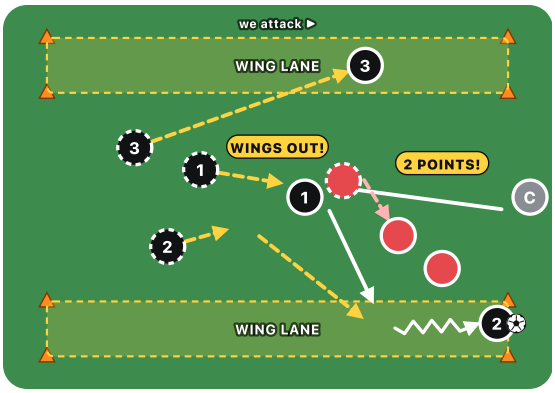

Ball girl Head up. Pass to the open wing, or dribble into the space in front of you. Forward first!

GK Wait until every red is behind the retreat line. No big boots: roll it, throw it, or pass it on the ground to a wide back.

Retreat line They can't cross it until one of us touches the keeper's pass. That's free time. Use it!

Want the ball! Don't hide behind a red player. Move into open space and call **"HERE!"** Be brave. It's OK to make a mistake.

After STOMP! The girl who wins it yells **"WINGS OUT!"** Everyone else flies wide and forward right away, before they get back.

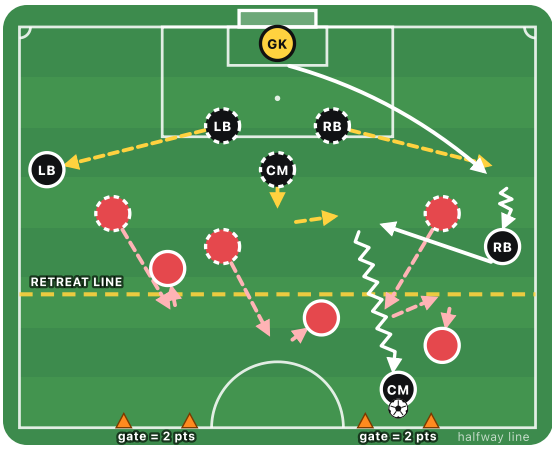

DRILL 1

Stomp & Fly

Grid about 30 × 20 big steps · 3 Stompers vs 2 · 10 min

1. Mark a Wing Lane along each sideline with cones. Three Stompers start near our end line. Two red players start in the middle.
2. Coach passes to a red player.
3. The closest Stomper yells **"STOMP!"** and presses. The next girl covers.
4. When we win it, that girl yells **"WINGS OUT!"** The other two sprint into a Wing Lane, wide and forward.
5. Pass to a wing. She dribbles over the far end line = 1 point. Do it in 6 seconds = 2 points!
6. Reds score by dribbling over our end line. Swap teams after 5 tries.

Remember: the second we win it, fly wide. Don't stand and watch.
Harder: add a third red player who chases from our end line.

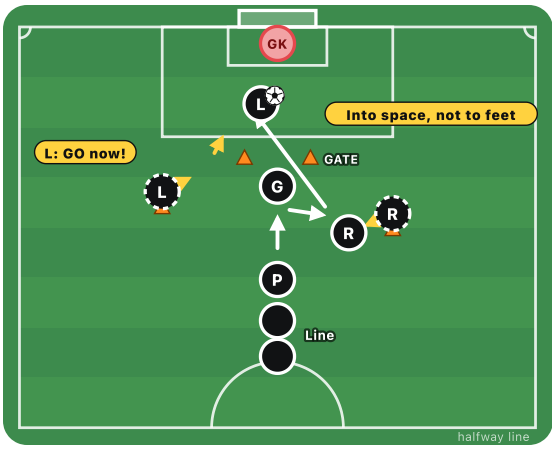

DRILL 2

Retreat Line Build-Out

Our third of the field · GK + 2 backs + CM vs 3 · retreat line cones · 12 min

1. Put cones on the retreat line and two gates on the halfway line. Reds start near our box.
2. Coach rolls the ball to our GK. Reds jog back behind the retreat line.
3. Coach yells **"WINGS OUT!"** Backs run to the sideline, wide as the cones. CM comes to show in the middle.
4. GK waits until every red is behind the line, then passes on the ground to a wide back.
5. She touches it: now reds can cross! Dribble forward or pass to CM.
6. Through a halfway gate = 2 points. Reds win it and score = 1 point for them.

Remember: no rush. The reds can't come until we touch the pass, so GK takes her time.
Harder: add a fourth red, or start with a goal kick instead of a roll.

DRILL 3

Round the Gate (Third-Girl Run)

Top of their box · 5+ players and a keeper · 10 min · 2 tall cones, 2 markers, lots of balls

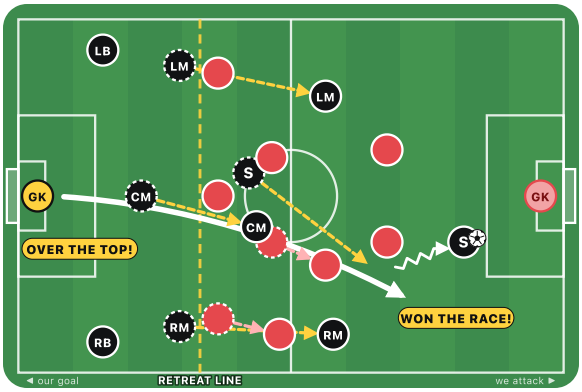

1. Two tall cones about 6 big steps apart at the top of the box make the **gate**. One girl stands in front of the gate (G). One girl waits at a marker on each side: Right (R) and Left (L). Everyone else lines up with a ball.
2. The first girl in line takes a touch and passes into G.
3. G passes it back first time to R, who is running in.
4. L **goes on G's pass**. She runs round the outside of the left cone.
5. R passes first time through the gate, into the space in front of L.
6. L takes one touch across and shoots!
7. Rotate: passer to R, R to G, G to L, L to the back of the line.

Remember: the ball goes through the gate, the runner goes round it. L, wait level with your cone, then go on G's pass. If you wait for the through ball, you're too late.
Pass into space: put it past the gate where L is running, not at her feet.
In a game: after **"WINGS OUT!"**, look for this. Pass into a teammate, she lays it off, and the girl who's already running gets the ball in behind.
Harder: switch sides so L and R swap jobs, or add a defender behind the gate.

ADVANCING THE BALL · WHEN THEY PRESS US TOO HIGH FOR WINGS OUT!

OVER THE TOP!

They're waiting right on top of our wings. So our keeper sends it high and far, into the big space behind them, and we race them to it.

Our keeper has the ball. The reds are lined up at the retreat line, marking every short pass.

The picture in your head

GK · Look, then go Wings covered? Yell **"OVER THE TOP!"** Throw it or kick it high and far, into the space behind the reds. Aim toward a sideline, never across the front of our goal.

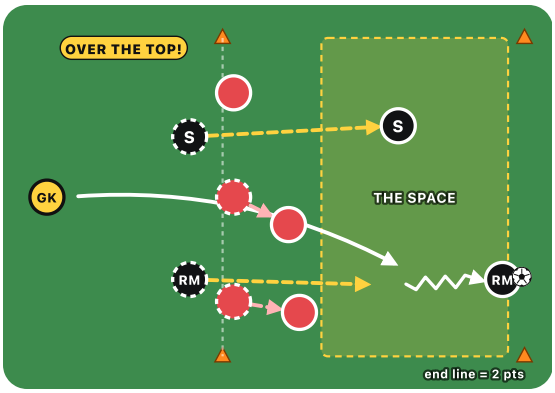

S · Spin Turn and sprint into the space behind them. Race the red to the ball!

LM & RM · Fly When the ball is in the air, sprint forward on your side. Be ready if it lands near you.

CM · Second ball Follow the ball up the field. If a red heads it or kicks it away, you're there to win it.

LB & RB · Step up Move up behind the play, ready if it comes back.

Rules: on a goal kick, the reds can cross the retreat line once the ball crosses it, so a long one gets past them fast. No drop kicks: Ontario Soccer recommends keepers don't drop-kick at this age. A throw or a kick from the ground is great.

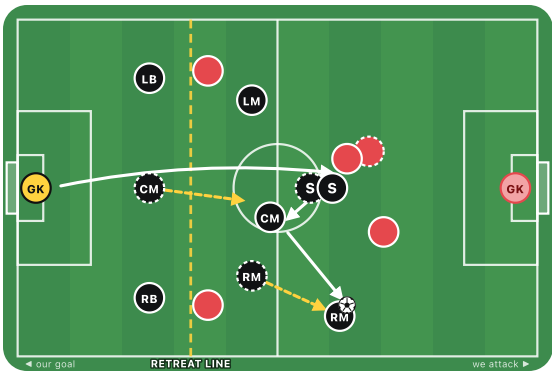

DRILL 1

Throw & Chase

Grid about 35 × 25 big steps · GK + 2 runners vs 3 · 10 min

1. Three reds stand on a line of cones, close to our runners. Behind them is a big zone: The Space.
2. GK has the ball. Short passes are blocked, so she yells **"OVER THE TOP!"**
3. She throws or kicks it high, over the reds, into The Space.
4. As soon as the ball goes up, the runners spin and sprint. Reds can turn and chase.
5. Our runner gets there first and dribbles over the end line = 2 points. Red wins it = 1 point for them.
6. Rotate: everyone gets a turn as GK and runner.

Remember: GK, aim for the space, not the girl. Runners, go the second it leaves her hands.
Harder: the reds start one step closer to The Space.

DRILL 2

Win the Second Ball

Full field · 7v7 restarts from our keeper · 12 min

1. Coach gives the ball to our GK. Reds line up at the retreat line and cover our wings.
2. GK yells **"OVER THE TOP!"** and kicks it long toward S.
3. S races a red back for it. CM follows the ball up the field.
4. The red gets a head or foot to it. The ball drops loose: that's the second ball!
5. CM wins the second ball, then passes to a wing in space. Go!
6. Win the second ball = a Stompers point. Score from it = 3 points.

Remember: the first ball is a race. The second ball is a bigger race. CM, don't stop running!
Harder: add a red midfielder who also chases the second ball.

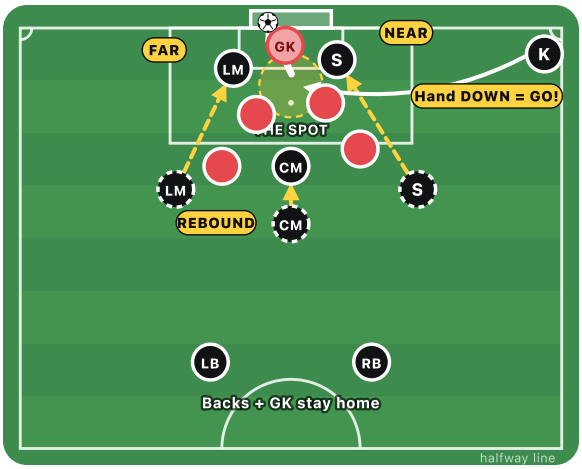

Corners

Corner kicks, ours and theirs.

TAKING A CORNER KICK

CRASH THE BOX!

Kicker puts her hand up: get ready. Her hand comes down: GO! Runners attack three spots: near post, far post and the rebound.

Corner from the right. We're attacking the goal at the top.

The picture in your head

K · Kicker Wide mid on that side. Hand UP = get ready. Hand DOWN = GO! Aim for *The Spot*, the space in front of the goal.

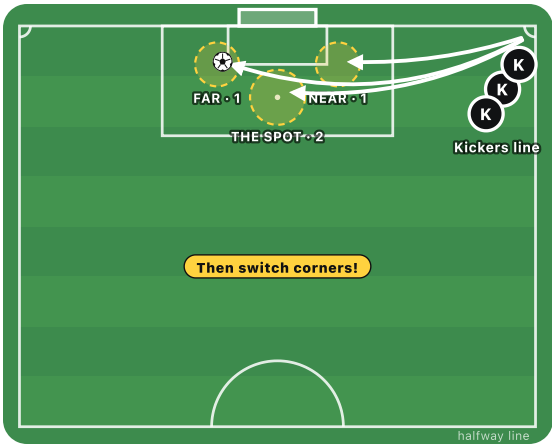

Near post Striker starts outside the box and runs hard to the front post.

Far post Other wide mid runs to the back post for tap-ins.

Rebound CM waits at the top of the box for anything that comes out. Shoot it!

Stay home Both backs and the GK stay back to stop a fast break.

Start outside, then run in. Runners who are already moving are hard to mark.

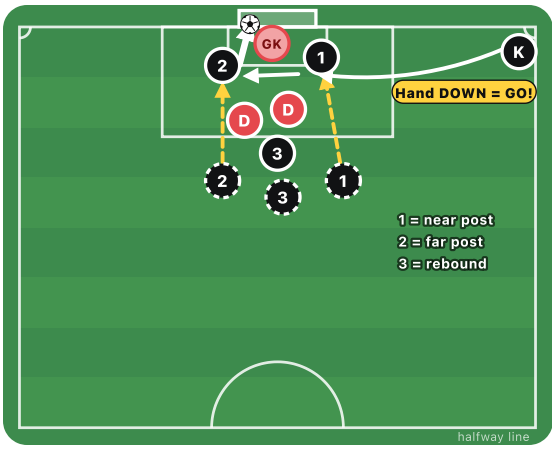

DRILL 1

Hit the Spot

Corner flag · kickers line · 3 target zones · 8 min

1. Kickers line up at the corner flag, each with a ball.
2. Put the ball in the corner arc. Take 3–4 steps back and a little to the side.
3. Plant foot next to the ball. Strike under the middle of the ball with your laces or the inside of your foot.
4. Land it in a zone: Near or Far = 1 point, The Spot = 2 points.
5. Switch to the other corner so both feet get practice.

Remember: come in at an angle, lean back a little, follow through toward the target.
U10 tip: a hard, low ball to the near post works great too!

DRILL 2

Crash the Box

Kicker + 3 runners vs 2 defenders + keeper · 10 min

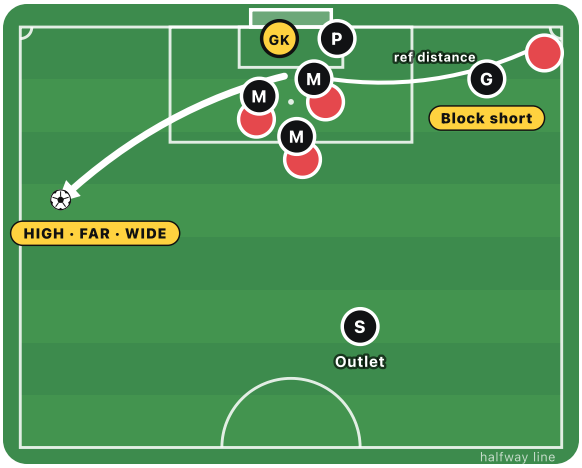

1. Runners start outside the top of the box.
2. Kicker puts her hand up. Runners get ready outside the box.
3. Kicker drops her hand: that's GO! Everyone yells **"CRASH!"** and sprints to their spots: near post, far post, rebound.
4. Try to arrive at the same time as the ball. Near post flicks it on, far post taps it in, rebound girl shoots.
5. 5 corners, then rotate jobs. Goal = 1 point, rebound goal = 2.

Remember: don't stand and wait in the box. Start outside, then run in.
Harder: add a third defender.

DEFENDING A CORNER KICK

LOCK THE BOX!

Everyone has a job: Post, Markers, Gate, Outlet. Clear it HIGH, FAR, WIDE, then everybody steps OUT.

Our goal is at the top. Their corner comes from the right.

The picture in your head

GK Middle of the goal, a little toward the back post. Shouts **"KEEPER!"** if she's catching it.

P · Post Stands right next to the near post and kicks away anything that comes there.

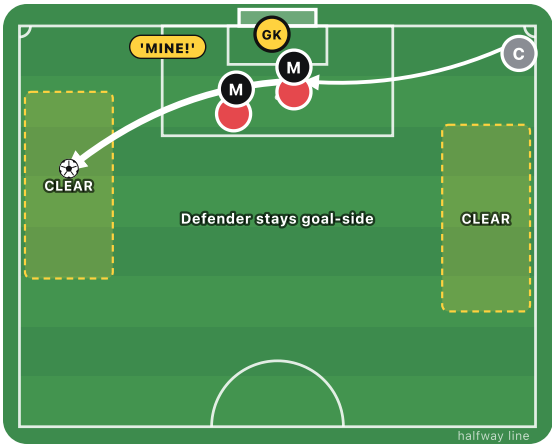

M · Markers Coach yells **"MARK UP!"** Each one picks an attacker and stands goal-side, between her and our goal. Keep one hand lightly on her and your eyes on the ball.

Back post Watch for a red player sneaking to the back post. If she goes, her Marker goes with her.

G · Gate Stands out toward the corner, the distance the ref sets, to block a short corner.

S · Outlet Striker waits up the field for the clear. Go!

Clearing: HIGH, FAR, WIDE, out toward the sideline. Never kick it across the front of our goal. After the clear, everyone yells **"OUT!"** and steps up together.

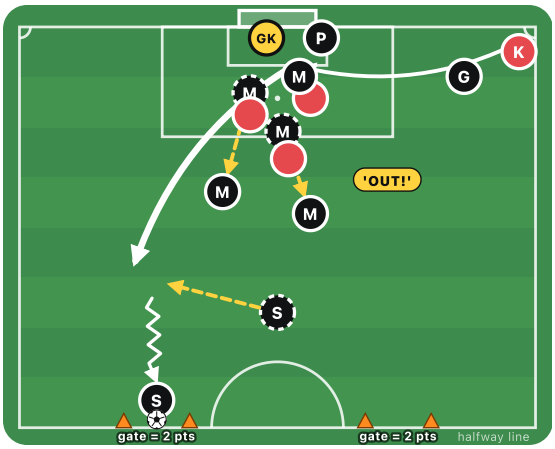

DRILL 1

Mark & Clear

Pairs in the box · Coach serves from the corner · 10 min

1. Pair up: one attacker, one defender. The defender stands goal-side with one hand lightly on the attacker. No grabbing!
2. Coach serves from the corner. Throw it at first, then kick it.
3. Defender attacks the ball first, yells **"MINE!"** and clears it high and wide into a Clear Zone.
4. Into a Clear Zone = 2 points, any clear = 1. Attacker scores = 1 point for the attacker.
5. Swap roles.

Remember: watch the ball and your girl. Kick through the bottom of the ball to get it high.

DRILL 2

Lock the Box Game

Kicker + 3 attackers vs full corner defence · gates on halfway · 12 min

1. Coach yells **"LOCK THE BOX!"** Defenders find their jobs: GK, Post, 3 Markers, Gate, Outlet.
2. Attackers take the corner and try to score.
3. Once it's cleared, every defender yells **"OUT!"** and sprints up to the top of the box together.
4. The Outlet gets the clear and dribbles through a halfway gate = 2 points. Any clear out of the box = 1 point. Attacker goal = 2 points for the attackers.
5. 5 corners, then rotate so everyone tries Post, Marker, Gate and Outlet.

Remember: stepping OUT together pushes their players away from our goal.

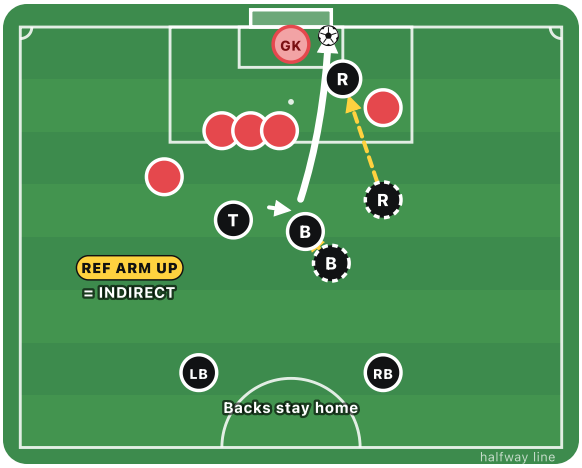

Free kicks

Indirect free kicks, ours and theirs.

TAKING AN INDIRECT FREE KICK

TAP & BLAST!

Ref's arm is up, so you can't score straight from the kick. Someone else has to touch it first. Tap it, then blast it.

We're attacking the goal at the top. The ref's arm goes up for an indirect kick.

The picture in your head

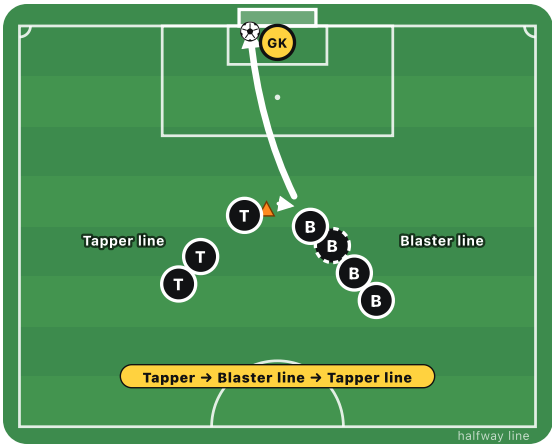

T · Tapper Stands next to the ball. Rolls it one small step to the side. Just enough so it moves.

B · Blaster Waits 3 big steps back. Starts running as the tapper touches it. Shoots first time at a low corner.

R · Rebound One girl starts wide and crashes to the goal when the shot goes, in case the keeper drops it.

Backs stay home Our two backs and GK stay back in case they get the ball.

Why: on an indirect kick, a goal only counts if another player touched the ball first. The tap is that touch.

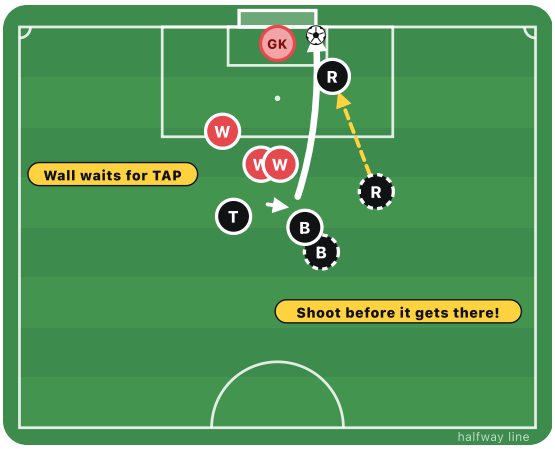

DRILL 1

Tap & Blast Lines

Edge of the box · two lines + keeper · 10 min

1. Ball on a cone at the edge of the box. Tappers line up on the left, Blasters on the right.
2. The Blaster calls **"TAP!"**
3. The Tapper rolls the ball one small step sideways. Not too far!
4. The Blaster runs onto it and shoots first time, low, at a corner.
5. Tapper joins the Blaster line. Blaster gets her ball and joins the Tapper line.

Remember: soft tap. Laces, toe pointed down, land on your shooting foot.
Harder: put a wall of cones in front, or count to 3: shoot before "3".

DRILL 2

Beat the Wall

3 attackers vs wall of 3 + keeper · 10 min

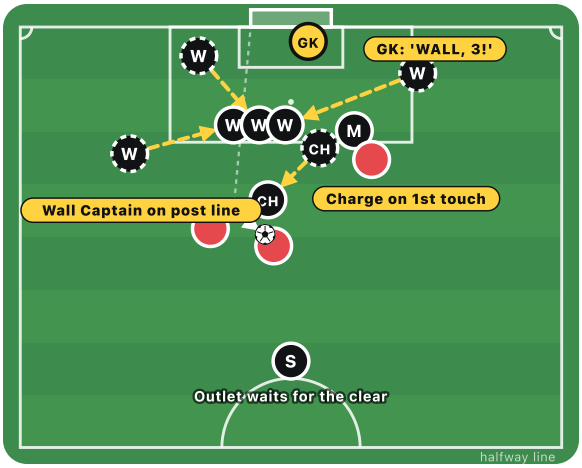

1. Coach puts the ball down, raises an arm and says **"Indirect!"**
2. Attackers pick jobs: Tapper, Blaster, Rebound. Use a secret hand signal for which side to tap.
3. The wall can't move until the first touch. Then it charges!
4. The Blaster has to shoot before the wall gets there. Rebound girl follows the shot in.
5. Goal = 2 points, rebound goal = 3. Block by the wall = 1 point for the wall.
6. Rotate so everyone tries every job.

Remember: fast and sneaky. The longer you wait, the closer the wall gets.

DEFENDING AN INDIRECT FREE KICK

WALL UP!

Build a wall that blocks the near post. Keeper sees the ball. When they touch it, we CHARGE.

Our goal is at the top. They have an indirect kick outside our box.

The picture in your head

GK · Boss Shouts **"WALL, 3!"** and lines them up. Stands where she can see the ball.

W · Wall The Wall Captain stands on the line from the ball to the near post. Two teammates squeeze in next to her, toward the middle. Shoulder to shoulder, arms crossed over your chest, eyes on the ball.

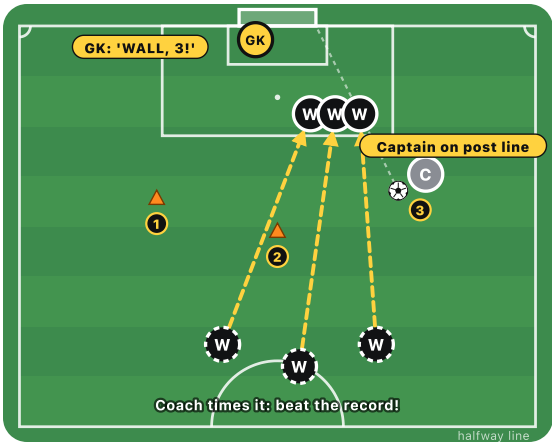

CH · Stopper, then Charger Our fastest girl. The second the whistle goes, she stands in front of the ball, as far back as the ref says, so they can't take it quickly while we set up. Then she stands just off the wall. On the *first touch* she sprints at the ball to block the shot.

M · Marker Coach yells **"MARK UP!"** Stay goal-side of any open attacker.

S · Outlet Striker stays up field, ready for the clearance.

Close or far? Kick close to our goal: build the wall. Kick far from our goal: no wall, everyone **MARK UP!**

Distance: back up until the referee says stop. Don't move until they kick it.

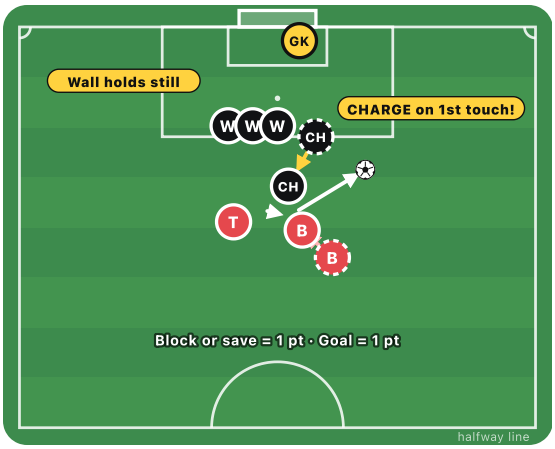

DRILL 1

Wall-Up Race

Around our box · whole team · 8 min · use a stopwatch

1. Mark 3 ball spots around the box (1, 2, 3). Team jogs around the middle of the field.
2. Coach puts the ball on a spot and yells **"WALL UP!"**
3. GK shouts **"WALL, 3!"** and names the three girls.
4. The Wall Captain finds the near-post line. Two more squeeze in next to her toward the middle.
5. Arms crossed, feet together, eyes up. Charger and Marker find their spots.
6. Coach times it. Beat the team record!

Remember: the keeper must still see the ball. Tallest girl on the outside.

DRILL 2

Charge the Tap

Wall of 3 + Charger + GK vs Tapper & Shooter · 10 min

1. Wall, Charger and GK set up on **"WALL UP!"**
2. Attackers do their tap-and-shoot.
3. On the first touch, the Charger sprints out and blocks the shot with her body (not her hands!).
4. The wall holds still for the shot, then everyone attacks the rebound.
5. Block or save = 1 point for the defenders. Goal = 1 point for the attackers.
6. Rotate Charger and Wall Captain.

Remember: charge on the *touch*, not before. Too early and the ref makes us do it again.

FOR PLAYERS AND PARENTS

SIDELINE WORDS

Short words Coach shouts during games and practice. Parents, please use these same words from the sideline, so everyone hears one message.

"SHAPE!"

Means: Get back to your spot and spread out. Don't bunch up.

You'll hear it: We win the ball, or we're attacking and girls crowd together.

Same as: SHAPE UP! · BIG!

"GET SMALL!"

Means: Squeeze together, tight and close, so they can't go through the middle.

You'll hear it: They have the ball and we're going back to defend.

Same as: SHAPE UP! · GET SMALL!

"TIME!"

Means: Nobody is on your back. Relax, turn with the ball, look up, then choose. Don't just kick it away.

You'll hear it: You get a pass and no defender is close behind you.

"TAKE SPACE!"

Means: Open grass in front of you. Dribble forward with confidence and make a defender come to you.

You'll hear it: There's space in front of you and you're waiting.

"PRESS!"

Means: Sprint at the girl with the ball. Take away her time and force a mistake.

You'll hear it: They have the ball in a dangerous spot, or take a big touch.

Same as: STOMP!

"MARK UP!"

Means: Find a red player. Stand goal-side, between her and our goal, close enough that she can't get an easy pass.

You'll hear it: Throw-ins, corners, free kicks, or when they attack our box.

Same as: LOCK THE BOX! · WALL UP!

Parents: instead of "Kick it!" or "Pass it!", try **"Time!"** or **"Take Space!"** Let her read the game and make the choice herself.

10 TO 15 MINUTES A DAY

AT HOME

No big field needed. A driveway, backyard or basement works. A little every day adds up to thousands of extra touches.

⚽ BALL MASTERY

10-Minute Daily Touch

Toe taps, side-to-side inside touches (pendulums), sole rolls and pull-backs. Try it with your eyes up!

👟 PASSING AND FIRST TOUCH

Wall Ball

Pass against a brick wall or garage door. Stop it with one foot, pass with the other.

🎯 SHOOTING

Target Practice

Put cones in the corners of a goal or on a fence. Strike with your laces and land on your shooting foot.

📺 GAME SMARTS

Watch & Talk Soccer

Watch a pro game with your family. Pick one player and watch what she does when she *doesn't* have the ball.

🔥 WANTING THE BALL

Free Play & 1v1s

Play 1v1 in the yard with a sibling, a parent or a friend. Keep score, play hard and try a new move.
